## WORK EXPERIENCE

### Technical Lead

#### AEMO - WDR

01/2021 - Present

Sydney, Australia

##### Roles & Responsibilities :

- Currently, working as an onsite representative in NodeJS, RabbitMQ, CosmosDB, and Function App.
- Communicating with the Customer on daily basis and working with the Client's technical team to meet their requirements.
- Gathered and defined customer requirements to develop clear specifications for project plans.
- Working effectively with the offshore team to provide on-time delivery.

### Technical Lead

#### AEMO - SIMMS

06/2019 - 12/2020

Sydney, Australia

##### Roles & Responsibilities :

- Onboarded to the client site as a technical lead with the technologies like Node JS, Vue JS, SQL Server, and Oracle.
- Discussed project progress with customers, collected feedback on different stages, and directly addressed concerns.
- Designed and developed efficient and maintainable software according to the business objectives and needs of the clients.
- Monitored and managed development milestones from initial steps through final delivery to meet the SLA.

### Senior Developer

#### Direct Energy Business

04/2017 - 05/2019

Pennsylvania, USA

##### Roles & Responsibilities :

- Communicated regularly with the onsite development team and client technical team to deliver the requirements as per the estimated timeline.
- Gained leadership to build up a team to work on Angular and .Net Core development.
- Responsible for creating docker build for the .Net solution.

### Junior Developer

#### Direct Energy Service

09/2015 - 03/2017

Pennsylvania, USA

##### Roles & Responsibilities :

- Started working as a full-stack with .Net, AngularJS, and SQL Server.
- Obtain responsibility for the on-premise deployment of our solutions.
- Interacted with the client to deal with their requirements and have them deliver as per the approved SLA.
