PROFILE

More than six years of experience in the IT industry, involved in development, deployment, and delivery of new softwares/web portals. Demonstrated track record of completing projects on time within the estimated SLA.

EDUCATION

Jul 2011 – Jun 2015 **Bachelors Of Technology, SVIST - WBUT**

Apr 2010 – Jun 2011 **Higher Secondary State Board Exam, Patha Bhavan**

Apr 2008 – May 2009 **Secondary State Board Exam, Hartley's High School**

PROJECTS

May 2022 – present **Technical Lead**

- Currently, I am working as a technical lead in an internal development project, leading a team of 10.
- Simultaneously, handling requirement gatherings and development work to meet the SLA on time.
- Currently, I am working mostly in Angular and Azure.
- I am continuously monitoring and managing the relationships among the team members which has been helping to keep the delivery on track.

Jan 2021 – Apr 2022 **Technical Lead**

- Worked as an onsite representative in NodeJS, RabbitMQ, CosmosDB, and Function App.
- Communicated with the Customer on daily basis and worked with the Client's technical team to meet their requirements.
- Gathered and defined customer requirements to develop clear specifications for project plans.
- Worked effectively with the offshore team to provide on-time delivery.

Jun 2019 – Dec 2020 **Technical Lead**

- Onboarded to the client site as a technical lead with the technologies like Node JS, Vue JS, SQL Server, and Oracle.
- Discussed project progress with customers, collected feedback on different stages, and directly addressed concerns.
- Designed and developed efficient and maintainable software according to the business objectives and needs of the clients.

- Monitored and managed development milestones from initial steps through final delivery to meet the SLA.

Apr 2017 – May 2019

Senior Developer

- Communicated regularly with the onsite development team and client technical team to deliver the requirements as per the estimated timeline.
- Gained leadership to build up a team to work on Angular and .Net Core development.
- Responsible for creating docker build for the .Net solution.

Sep 2015 – Mar 2017

Junior Developer

- Started working as a full-stack with .Net, AngularJS, and SQL Server.
- Obtain responsibility for the on-premise deployment of our solutions.
- Interacted with the client to deal with their requirements and have them deliver as per the approved SLA.
